

AUGUST 16 & 17, 2018

SUPERVISING PEERS IN CLINICAL SETTINGS

Our Wellness Collective is hosting a **Supervising Peers in Clinical Settings** training. This one-day training, developed and trained for SAMHSA to support the supervision process of peers, has been expanded into a thorough, two-day training, to best equip supervisors with the skills and awareness needed.

After an incredible launch in NYC, we are ready to share this new training with you. Here are the learning objectives you can expect to walk away with:

- Gain an understanding of best practices in Peer Recovery Support Supervision
- Learn the Core Competencies of Peer Recovery Support Supervision
- Identify seven tasks of providing Peer Recovery Support Supervision
- Discover the four fundamental aspects of the Peer Recovery Support role

Register for the training by email:
laurie@ourwellnesscollective.com

our **Wellness Collective**
